VOLUME LIII. NUMBER 25

THURSDAY, NOV. 20, 1919.

### LOCAL BREVITIES.

A few croppie and perch have been hooked in Lake Killarney the past week.

The hunters say there are a few wild turkeys. But few, if any, have been killed.

B. K. Taylor is the owner of a Baby Overland purchased from Geo. Wendell, the local agent.

There will be a Pie Supper at the Cedar Bluff schoolhouse, on Stout's Creek, Saturday night, November 22. Everybody invited.

Those big engines that Superintendent Murphy said had been purchased to pull the passenger trains over the hills without pusher help have not yet arrived.

Miss Dorothy Bliss, of Seattle, Washington, was the guest of her uncle, Mr. S. W. Andrews, a couple of days last week. Miss Bliss is a violinist of note and is engaged in Chattanooga work.

A letter from Mrs. J. F. McCallen, who lived in Arcadia about twelve years, but who recently sold her bungalow there, is now located in Poplar Bluff and very much pleased with her surroundings.

A number of vallegians will go to Caledonia today (Wednesday) to attend the laying of the corner-stone of the new Masonic Hall in that town. A large attendance from all the surrounding country is anticipated.

J. R. Baldwin and J. O. Forshee departed Sunday to drive B. B. Resgan's car to Biloxi, Mississippi, where Mr. Resgan and daughters are spending the winter. Messrs. Baldwin and Forshee will be absent about a week.

Fifteen applicants for census enumerator took the examination conducted by Postmaster Barger at the courthouse Saturday. Nine enumerators are required for Iron county and the appointments will be announced soon.

Dr. R. W. Gay last week received a telegram announcing the arrival in New York from France of his son, Capt. Geo. Gay. The young man is being detained in camp because of an infected hand, but hopes to be home soon.

The REGISTER is in receipt of a letter from a former vallegian, Mr. E. W. Farrar, now living in Rison, Arkansas. Old friends will be pained to hear that Mr. Farrar has been almost helpless from paralysis for the past fourteen months.

In jumping from the Lopez Store truck while it was in motion Saturday afternoon Jake Tims had the misfortune to fall and fractured two bones in the wrist of his right arm. Because of the mishap Mr. Tims will be disabled for several weeks.

## OH, BOY!

R. O. Blanton, who lives on A. Roehry's farm, on Marble Creek, ten miles south of Ironton, has been in poor health for several months and is arranging to go to St. Louis for treatment. Mr. Blanton will have a sale of his personal property next Tuesday.

Mrs. Glen Harrison and children are visiting with the former's parents, Mr. and Mrs. Taylor Collins. Mr. Harrison recently sold his farm in Des Arc and we understand that there is a likelihood of his returning to Piedmont to live.—Piedmont Banner.

It is stated that Ironton is to have two more butcher shops in the very near future. The report is that M. Nichols is again going to engage in the business and that Pearl Hill intends opening a shop in the north end. Surely four shops ought to bring down the prices of meat.

Valley people were sorry to hear of the financial troubles of Geo. Begley, Jr., of Poplar Bluff. In former years the young man used to visit here frequently and his father was born and reared here. Let us hope that affairs are not as bad as they seem and the boy may yet come out all right.

Word has been received that Col. and Mrs. T. H. Jackson are homeward bound. Col. Jackson has been in France for the past two and a half years and since the war has been acting Chief of Engineers of the A. E. F. Mrs. Jackson joined him last summer, and, after a sojourn in Paris, they have visited Belgium, Germany and England.

B. P. Burnham, T. B. Pruitt, Henry Adolph and J. Grandhomme, of Ironton, and Chas. Orrick, Jess Thurman and Alex. Moyer, of Graniteville, attended I. O. O. F. lodge in Farmington Monday night. The two last named were initiated into the mysteries of the order. All are loud in their praise of the hospitality shown by their Farmington brethren.

Saw you ever the mountains more beautiful? Clothed in the softened hues of the Indian Summer, they are a delight to the eye. To look upon the rounded peak of Pilot Knob, bathed in the rays of the setting sun, is to store in memory a picture whose colors entrance and convey to the mind and heart the thought that heaven can be no sweeter and fairer.

W. R. Edgar, Jr., attended the meeting of the Bar Association of the 21st Judicial Circuit in Piedmont Saturday. He reports the hospitality of the Piedmont folks as unbounded and said the lawyers were shown every courtesy and attention. In the afternoon the visitors were taken automobile driving and Mr. Edgar says there was evidence everywhere of the splendid work that had been done by the road builders in Wayne County.

A meeting was held at the courthouse last Friday evening to formulate plans for conducting the campaign for the road bond election. Committees were named and a meeting is scheduled at the courthouse in Ironton next Saturday at 2 o'clock of committeemen from every precinct in the county. It is proposed to make a vigorous campaign from now on. Everybody get busy and stay busy until the polls are closed on the day of election.

R. E. Gunton of Ironton, Deputy Game and Fish Warden for St. Francois, Iron and Reynolds counties, was a pleasant visitor in Centerville today. He was here looking over the records in County Clerk Parks' office in order to see who had licence. A large list of names of people in our County who have been hunting without a license have been turned in to him, and we judge from his conversation that unless these parties get busy and purchase a license there will be "something doing" in the near future.—Centerville Outlook.

At the last regular meeting, November 10th, Ironton Chapter, O. E. S., enjoyed another unusual programme. A full attendance of the regular membership, with the addition of a number of guests from Farmington Chapter, enlivened the occasion. The impressive "obligation ceremony" was given by the Chapter officers and a social hour followed in which "good fellowship" was apparent to all. During the exercises Sister Annie Kath was given a genuine surprise. Sister Kath has been selected as District Deputy Grand Matron for this district for the past three years; and in appreciation of this honor to Ironton Chapter she was presented with a Past Master's Jewel by her fraternal admirers.

Bismarck Gazette: "A party of 28 Eastern capitalists came to Bismarck Sunday on No. 3 in a private car. They took dinner, at the Bismarck Hotel and then the party motored to Iron Mountain on an inspection tour. They were part of an eastern syndicate which recently purchased the Iron Mountain claim from J. W. Ellledge, who it is said made \$250,000 on the transaction. While in Bismarck, the statement was made that

mining would be resumed on a large scale, and that a \$30,000 smelter would immediately be built, together with a lot of houses for the workmen. The party returned to Bismarck in the evening and train No. 5 took their car to Williamsville, as the same company has some large holdings in Wayne county."

"From last week's Fredericktown Democrat-News: "News has come to town that Rev. W. P. Yesley and Mrs. Wilkinson are married. Mr. Yesley was pastor of the local Christian church for upwards of two years and Mrs. Wilkinson only recently sold the Hotel and was supposed to have gone to Colorado on a visit. Mr. Yesley left the pastorate of the church in September. Considerable interest is attached to the wedding from the fact that Mrs. Wilkinson's husband has been dead only since June and Mr. Yesley made his home at the Hotel both before and after Mr. Wilkinson's death. The wedding is reported to have happened the 16th of last month. That is shortly after Mrs. Wilkinson sold the hotel and left presumably for Colorado. Mrs. Wilkinson received \$11,000 as insurance on the life of Mr. Wilkinson and sold the hotel for \$5,000 more."

### School Notes.

Lillian Allers and Emmet Forshee entered high school last week. This makes a total of 90 who have enrolled this year.

Several ladies from the community visited high school last Tuesday afternoon.

Attorney J. H. Keith acted as judge in the contest given to select two high school students to represent the school in the Inter-High School Debating League. The names of the representative debaters will be announced next week.

The boys' basketball team was defeated by the Elvins high school team last Friday at Elvins by a score of 33 to 9. This evens the score, Ironton having won the first game. The third game will probably be played in Ironton November 22d.

The third number of the Lyceum Course will be given December 3d. Mr. Abbott, the impersonator, will render this number. We hope to have a large attendance.

County Superintendent Hanson has joined the teachers of Ironton in the study of the Reading Circle Books. We are very glad to have Mr. Hanson as he always displays so much interest in school affairs.

A great majority of high school students are doing a very high standard of work. There are a few, as usual, who do not exert their best energy. These pupils, in one or two instances, are encouraged by parents who would willingly mob a teacher who dares to punish or foil their indolent progeny. It is always such parents who plan either openly or secretly to elect a school board who will refuse to re-employ any teacher who insists that the indolent and refractory pupils walk in line with the industrious and energetic. It is comforting to know that the buzz of such people is always more annoying than their sting.

### George Begley, Jr., Bankrupt.

(Poplar Bluff Republican)

While there is no desire on the part of any one in Poplar Bluff to give publicity to an unfortunate state of business affairs which has developed here within the last few days, it is generally known that one of the most active operators of the city, has, financially, gone to the bad; the matter has been common rumor on the streets for several days and as corroborating this rumor, to-day's Globe-Democrat of St. Louis contains the following, under the caption, "Petition in Bankruptcy":

"George Begley, Jr., of Poplar Bluff, a real estate dealer and money lender, yesterday filed a petition in bankruptcy in the United States District Court. He alleges his assets are \$371,988, and his liabilities \$422,740. He lists secured claims at \$201,650 and unsecured at \$170,388."

As to the nature of the deals which brought about this condition, there is nothing definite as far as general information goes. It is stated, however, that Mr. Begley's deals recently have been rather reckless in character.

No young man in Butler county has enjoyed greater opportunities in a business way than has George Begley, Jr. His family being possessed of wealth have aided him as few young men in the country have been aided; and the public generally gave him credit for his indomitable efforts to develop the fertile acres of Butler county; he has done something which no other person in this section of the country would attempt; he has developed in the county a great rice plan-
